| | Catch Up | | | Catch Up | | | Catch Up | | | NO SCHOOL | | | NO SCHOOL | |

Assignments – How can I improve my grade??

- **Skills checks** that you have turned in during digital learning will be added to the grade book
 - **USATestPrep:** Starting Monday, April 13th through Tuesday, May 19th there will be three assignments available in USATestPrep.
 - Unit 7 Test
 - Unit 8 Quiz
 - Unit 8 Test
- You can attempt these three assignments **as many times** as you would like. They cannot hurt your grade, only help it. (So might as well try them!)
 - The tests will count as 100-point test grades and the quiz will count as a 50-point quiz grade. (Just like normal tests and quizzes).
 - All material for Unit 7 has been covered in class and digitally as of March 16th.
 - All material for Unit 8 will be covered digitally by Thursday, April 16th
 - Logging in to USATestPrep: Your teacher has the Account ID if you need it. Use your login and password you have used at Hillgrove for previous classes and assignments.

Please contact your Geometry B teacher if you have questions about the calendar, these assignments, or your individual grade.
